## Part B

### CRITERION I - CURRICULAR ASPECTS

#### 1.1 - Curriculum Planning and Implementation

##### 1.1.1 - Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Maharana Pratap P.G College is currently having the following mechanisms for effective delivery of curriculum:- At the beginning of each academic session, departmental meetings are held in every department in which the topics in the syllabus are distributed to the faculty members after discussion with them. After this each faculty prepares lesson plan of papers assigned to them. The process of lesson plan preparation is completed till 15th July. After this lesson plan is uploaded on website of institute for reference of students. Through this lesson plan students can know which teacher is going to teach which topic on a specific day. The students may have the opportunity to prepare well in advance before attending the class. Each faculty of college has to complete there syllabus before 30th January so that students may get ample time for preparation for the Examinations. Teaching is done in college through following methodology:- (i) Class teaching method:- After every 5 classes, class teaching is done by students of class in which they deliver lectures on previously assigned topics. This method develops a feeling of self confidence and ability to express their views in front of anyone. (ii) Abstract distribution: The teacher distributes an abstract of lecture before starting their lectures to students. They will get a prior

idea of lecture to be taught in class. (iii) Monthly evaluation: To evaluate the performance of students, monthly tests were held by faculties of respective subjects. The students were also also awarded marks for their behavior in their classroom (iv) Extensive use of ICT in teaching:- Emphasis was placed on use of ICT in teaching by faculties. New projectors were installed in various classrooms and free Wi-Fi Facility was provided to teachers and students in the campus. (v) Blog writing:- All the faculties of all the departments of college have their blogs on the website of the college. Each faculty regularly update their blogs. They convey their lecture notes, PPT's and any other relevant study material to the students through the use of their blogs. Various Departments of college organized Special lectures on various topics. These lectures were delivered by Experts from their respective fields. Educational Exhibition/Poster Competition and Excursion were organized in various departments of college. During the entire session Essay writing and Debate competitions were also organized by various departments of college in which large number of students participates. The library was updated with hundreds of new books. The Facility of online library is provided and catalogue of books were available online. INFILBINET access is provided free of cost to all faculties and students to access thousands of books and journals. Students and faculties may also purchase new books and get bill refunded. The labs of all the departments were updated with latest equipment's and manuals. All the teachers take their own feedback from their students and try to incorporate any constructive suggestion made by students in their personality as well as teaching methods. The aim of self evaluation form is self development of teachers.

Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 - How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

#### Feedback Obtained

Student's feedback is filled by both UG and PG Students of all departments of college twice a year. The format is standard format prescribed by NAAC. Students' feedback is rated on 5point scale from 0 to 4. There are twenty closed ended questions and one open ended question in the feedback questionnaire in the feedback form. Feedback is received on varied aspects of the college including Academics, teaching efficiency, methods of teaching, laboratory facilities in college, placement activities, canteen, library and administration. Most of the students of college were satisfied with percentage of syllabus covered by respective faculties and teaching style adopted by the concerned faculties. Teachers come fully prepared for taking lectures in classes and their language is easily understandable to students. Teacher's evaluation process is fair and they give sufficient time for analysis of student's performance after evaluation. Most students were agreed that college take active interest in promoting internship, student exchange, field visit opportunities for students. Students were of view that while providing ample growth opportunities, the college teaching and mentoring process facilitates in cognitive, social and emotional growth. Most of the students are also fully satisfied with the teachers' identification of students' strengths and weaknesses to encourage them with providing right level of challenges. The students' feedback also shows that they also agree that institution makes effort to engage them in the monitoring, review and continuous quality improvement of the Teaching learning process. The main suggestions from most of the students were (i) Lab manuals during practical classes: Some of the students were of the view that lab manuals should be made available during practical's some department faculties prepared their own lab manuals and were distributed to students for reference. (ii) Digital payment of fees: For this purpose POS machines were installed in the office and payments can now be made by credit and debit cards also. (iii) Facility of RO and water cooler in the campus: Water cooler with RO was installed in the campus for students and staff. If there was any issue with faculty from any department , it was discussed personally with concerned faculty and issue was resolved amicably. Feedback were taken from Parents at regular intervals and due consideration were given to their suggestions for improvement of academic and other aspects of improvements. The alumni of the college who moved on to industry or for higher studies additionally give a feedback on how

the institution have helped them perform of their lives and places of work/study. Suggestions and comments given by the alumni are helpful for future development of college.

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Moral values are the good values that are taught to us by our parents and teachers. These include being honest and kind, showing respect towards others, extending help to those in need, being faithful to others and cooperating with others to name a few. Imbibing good moral values make a person a good human being. A person who sticks to his moral values is said to bear a good character. There is a curriculum to enhance the knowledge from primary to higher education, but sadly there is no space for development of character and moral of students. Whilst this is our firm commitment that students should have Moral values such as compassion, generosity, honesty, kindness, integrity, politeness, perseverance, self control and respect. Individuals who possess these qualities are considered to be an asset to the society. In the beginning of the session each student requires to adopt four students on his/her own choice and one student is required to be adopted as per name given by Principal. After this, each teacher makes a complete record of all the adopted students which includes complete biodata, academic records, family background and photograph etc. The teacher develops a harmonious relation with the adopted student which in turn builds a confidence on teachers in students. It was also decided that an adopted student should also be either a member of NSS, a student representative or residing in college hostel. The reason behind this step is that the student must be simultaneously acted by these three to develop to their academic as well personality. Once adopted by a teacher he/she should remain adopted by same teacher till course completion. Generally if there is any seat vacant with any teacher then it should be filled by student of first year. Regular counselling session has been provided to the adopted students by concerned faculties. After this scheme is being implemented it is observed that most of the students who were adopted by concerned faculties have developed their personality to a considerable level. The academic output of these students has seen to be improved, which is evident after observation of their results.

Maharana Pratap P.G college tries its best to allocate and utilize the available financial grants for maintenance and upkeep of different facilities by organizing regular meetings of different committees constituted for this purpose. Laboratory is being headed by Dr Shiv Kumar Vernwal , followed by Mr Abhishek Verma and five student members. The committee follows the following strategy (i) Instruments purchased at different times are recorded in a specified book, maintained by the Heads of the departments. (ii) To purchase new instruments the department heads make requisition to laboratory Incharge , after that tenders are invited from different vendors and final purchase is made after approval from Management and the Principal of College (iii) Repairing of the instruments are done by self or technician if and when required. (iv) Instruction manuals, prepared by faculties for performing the practical experiments, are provided to the students. (v) Instruments are cleaned regularly. Library committee is headed by Dr Ramakant Dubey followed Mr Pratik das and six students : (i) Accounts of visitors (Students, Teachers and Staff) are recorded on daily basis. (ii) Suggestion book is kept inside the reading room for taking feedback. (iii) To ensure easy return, no dues certificate is issued to the students before filling the form for final exam. (iv) Library committee meetings are held at regular intervals to implement new rules and regulations. (v) Journal/Magazine, Daily Newspapers, Employment oriented Newspapers are subscribed on a regular basis. (vi) Students are given awareness about digital database like NLIST (UGCINFONET and INFLIBNET) and NDL (National Digital Library, IIT Kharagpur). (vii) Binding of old books are done from time to time. (viii ) Before a long vacation, pest control chemicals are applied in the library along with other Departments and laboratories. (ix) If any student and faculty finds any books in market which he finds useful for him, he can purchase that book immediately , submit the book in library, get it issued and full refund will be provided to him by college. Sports committee is headed by Mr

Mrityunjay Singh , followed by Dr Pragyesh kumar Mishra and five students. : (i) Sports equipments are purchased when required. Players are provided with different essential playing kits as the need arises. (ii)The college has a big play ground and a well maintained Gym. Computers: Departmental computers are well upgraded and protected by antivirus. All smart rooms/technology enabled rooms are provided with projectors laptops. Classrooms: (i) The classrooms are being dusted regularly by class IV employee. If any repairing is needed regarding furniture and electrical component, it will be repaired within least time by trained staff of college. The classrooms are made cleaned on every Saturday under swichik shramdaan Program.. (ii) A full time electrician is engaged for maintaining and servicing different electrical connection and operating generators when there is power cut off. (iii) Gardened committee headed by Dr Abhay Srivastav looks after gardens. Full time casual Gardener is appointed for weeding, planting, pruning and watering as well as the general maintenance of the garden and greenery

### 7.1.7 - Initiatives taken by the institution to make the campus eco-friendly (at least five)

Energy conservation: Large size windows in the classrooms for good ventilation, labs are installed with CFL bulbs to minimize the expense of electricity.  Waste Management: Two types of dust bins are placed at various locations throughout the college campus. One dustbin is used to collect biodegradable waste and other for non biodegradable waste and material such as fibre , plastic and glass material. . Out of the waste collected, wet waste is used for composting process and rest dry waste is collected by Nagar Nigam for recycling. Waste from toilets in campus flows into teak garden.  Water harvesting: Water recharging pits have been constructed at many places.  Campus declared plastic free zone. Use of plastic bags is strictly banned in the campus.  Campus declared no smoking zone.  Plantation in the college campus in the first week of July to make green campus and carbon dioxide neutralization as well.  Sufficient inverters are installed to minimize pollution from generator.  Ewaste are managed in consultation of external agencies.  Chemical waste of chemistry lab. is accumulated in open tank for evaporation and then disposed.  A proposal sent to ministry of forest and environment for opening of a centre for conservation of medicinal and threatened plants.  Heavy duty silent generator set which produces very less pollution is being installed in the campus.  Solar Panel for lightening is installed in the campus.  Only LPG cylinders are used in hostels and other places for cooking.  Activate power management features on computer and monitor so that it will go into a low power "sleep" mode when nobody is working on it.  Turn off unnecessary lights and use daylight instead.  Unplug appliances not plugged into power strips (like TVs, Refrigerators, ACs, tea/coffeepots, printers, faxes, and chargers etc.)  The campus is WiFi enabled, making it much easier for paperless activities

## 7.2 - Best Practices

### 7.2.1 - Describe at least two institutional best practices

**1. Title of the Practice:** The student's participation in various committees. **Goal:** The goals of students participation in various committees is that it should inculcate selfconfidence,

administrative capability and leadership quality among students. The basic theme is that, it will develop a platform for participation of students in development of the college. In return it will provide all round development of students which includes personality, confidence as well as academic aspects. The Practice: In the beginning of the session , in yearly planning meeting various committees were formed under the supervision of the Principal and faculty in charge of each of these committees were decided and finalized. When the faculty in charge were decided, he forms the committees which consist of students from various classes and gender. The students were selected in such a way that sufficient number of students from different domains gets proper representations in each of these committees. Evidence of success: It was observed that all those students who were active members of these committees gets more depth understanding of functioning of affairs and various activities taking place in college. The sense of feeling importance develops in them, as they do certain constructive and useful work. 2.Title of the Practice: Collective Personality development scheme. Goal: The main aim of this scheme is to make students a good human being, having sound moral character and filled with nationalistic approach towards our country. The Practice: In the beginning of the session each faculty is required to adopt four students of his/her own choice and one student is required to be adopted as per name given by Principal. After this, each teacher makes a complete record of all the adopted students which includes complete biodata, academic records, family background and photograph etc. The teacher develops a harmonious relation with the adopted student which in turns builds a confidence on teachers in students. It was also decided that an adopted student should also be either a member of NSS, a student representative or residing in college hostel. The reason behind this step is that the student must be simultaneously acted by these three to develop to their academic as well personality. Once adopted by a teacher he/she should remain adopted by same teacher till course completion. Evidence of success: Regular counseling session has been provided to the adopted students by concerned faculties. After this scheme is being implemented it is observed that most of the students who were adopted by concerned faculties have developed their personality to a considerable level.

### 7.3 - Institutional Distinctiveness

7.3.1 - Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

This Gorakhpur is a name which is associated with the wellknown and revered Saint Guru Gorakshnath of the ancient sainthood of India. The present Mahrana Pratap P.G. College was

established by the Maharana Pratap Shiksha Parishad, the nucleus institution which governs so many offspring institutions too in this region. The evident aim of this "Parishad" is to popularize and propagate the motto of "Lord Ram" about patriotism: "Jananee Janma Bhoomishch Swargadapi Gareeyasee" (Our dear motherland is greater than heaven itself). Keeping this in mind, the college aims to project the national character of the great patriot and historical figure of the medieval era, Maharana Pratap among the youth by imparting them such an education which can develop in them, the spirit of industry: "Udyam" or hard work and selfreliance and optimism in the field of science, humanities, commerce and other branches of academics and cocurricular fields. To attain and fulfill the aims of its founders and serve the society the college started collective personality development scheme for student's. The scheme aims to make student a good human being, having sound moral character and filled with nationalistic approach towards our country. In the beginning of the session each student requires to adopt four students on his/her own choice and one student is required to be adopted as per name given by Principal. After this, each teacher makes a complete record of all the adopted students which includes complete biodata, academic records, family background and photograph etc. The teacher develops a harmonious relation with the adopted student which in turns builds a confidence on teachers in students. It was also decided that an adopted student should also be either a member of NSS, a student representative or residing in college hostel. The reason behind this step is that the student must be simultaneously acted by these three to develop to their academic as well personality. Once adopted by a teacher he/she should remain adopted by same teacher till course completion. Generally if there is any seat vacant with any teacher then it should be filled by student of first year. Regular counseling session has been provided to the adopted students by concerned faculties. After this scheme is being implemented it is observed that most of the students who were adopted by concerned faculties have developed their personality to a considerable level. The academic output of these students has seen to be improved, which is evident after observation of their results.
